

Epsom and Ewell ABC

Boxers/Parents

Just a few updates on the club for the up and coming weeks. We finally have a new canvas being laid in the next couple of weeks! And we would like to give a massive thanks to Ray Parker for arranging and supplying.

We have a drinks fridge with bottles of water available for 50p, again big thanks to Ray Parker for arranging and supplying.

We also have arranged a new website to be built with all social media tied in, progress updates soon!

We would like to announce that we have managed to secure a distribution licence from RDX. All equipment/accessories will be available and massive discounts passed on to our boxers!

As you all know our club is in need to undergo renovations! The roof is to be repaired this year and will use any funds available! As a non profit organisation we really need all the help we can get. We would like to ask anyone involved in the club to please dig deep and donate anything you can, to help supply new equipment for our club and boxers.

We would like to thank James and Joe our trainers, for making a generous donation to get the ball rolling!

Any donations or businesses interested in sponsorship please speak to Ray or Joe.

Keep up the great work!

TRAIN, EAT, SLEEP, REPEAT
